

# DISTRACTED DRIVING

## Distracted Driving: Civilians

is a FREE, 2-hour course: created to explore the dangerous epidemic on America's roadways. The message is simple: if you're on the road, stay off the phone! Please join us and thousands of other Texas drivers who have already taken the course as we make an effort to save lives. In order to truly combat the problem, we must change attitudes.

Open to all civilians, no matter age or driving experience.

*Presented by Texas Law Enforcement Liaisons and TMPA*
